

25.08.2022 14H00 – 16H00
WORKSHOP
DATABOOSTER
WORKSHOP ON
USABILITY TESTING –
EUROPEAN PROJECT
H2020 DOMOS

Usability Testing for evaluating a product or service by testing it with representative users

This Workshop on User Experience brings together researchers and service leaders to share knowledge and support projects with data science tools.

The goal of the Workshop is to share knowledge on user experience principle, tools and applications. You will get an overview of the European consortium domOS project - **A building local communication network provides access to sensors data and smart devices / appliances to applications either hosted in the gateway or in the cloud.**

WORKSHOP

25.08.2022 14H00 – 16H00

**Usability Testing Methods
& tools**

20 min

**Use case 1: H2020 DomOS
Expert review with
Nielsen's heuristic
analysis**

30 min
